SEPTEMBER 2012

Progressive Nephropathy in Type 1 Diabetes: Detection and Therapeutic Targets

Andrzej S. Krolewski, MD, PhD, and Joseph V. Bonventre, MD, PhD
Guest Editors

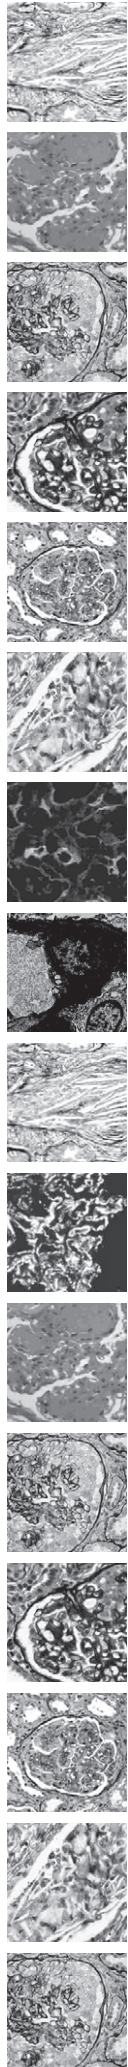

With the collaboration and support of

TABLE OF CONTENTS

- 405 High Risk of ESRD in Type 1 Diabetes: Call for Action:
Introduction
Andrzej S. Krolewski and Joseph V. Bonventre
- 407 High Risk of ESRD in Type 1 Diabetes: New Strategies Are
Needed to Retard Progressive Renal Function Decline
Andrzej S. Krolewski and Joseph V. Bonventre
- 415 Morphologic Features of Declining Renal Function in Type 1
Diabetes
Behzad Najafian and Michael Mauer
- 423 Can Improved Glycemic Control Slow Renal Function Decline
at All Stages of Diabetic Nephropathy?
Gautam Goel and Bruce A. Perkins
- 432 Pancreas Transplant as Treatment to Arrest Renal Function
Decline in Patients With Type 1 Diabetes and Proteinuria
Diego Cantarovich and Vittorio Perrone
- 437 Can Existing Drugs Approved for Other Indications Retard
Renal Function Decline in Patients With Type 1 Diabetes
and Nephropathy?
Alessandro Doria, Monika A. Niewczas, and Paolo Fiorina
- 445 Drug Discovery for Diabetic Nephropathy: Trying the Leap
From Mouse to Man
Matthew D. Breyer
- 452 Can We Target Tubular Damage to Prevent Renal Function
Decline in Diabetes?
Joseph V. Bonventre
- 463 Targeting Pericyte Differentiation as a Strategy to Modulate
Kidney Fibrosis in Diabetic Nephropathy
Benjamin D. Humphreys
- 471 Implications of Treatment That Target Protective Mechanisms
Against Diabetic Nephropathy
Akira Mima, Weier Qi, and George L. King

Continued

CONTENTS, *Continued*

- 479 iPS Cell Technology–Based Research for the Treatment of Diabetic Nephropathy
Kenji Osafune
- 486 Cell Therapy for Diabetic Nephropathy: Is the Future, Now?
Richard E. Gilbert, Yanling Zhang, and Darren A. Yuen
- 494 Contrast Ultrasound and Targeted Microbubbles: Diagnostic and Therapeutic Applications in Progressive Diabetic Nephropathy
Howard Leong-Poi
- 505 Pre-emptive Kidney Transplantation to Improve Survival in Patients With Type 1 Diabetes and Imminent Risk of ESRD
Martha Pavlakis and Ajay Kher
- 512 JDRF Perspective: Bridging the Gap—Translational Research to Prevent Progression of Diabetic Nephropathy
Helen D. Nickerson and Sanjoy Dutta

On the Cover: Ultrasonic Gene Delivery - The Future of Renal Therapies?
